About American Orthopedic Institute of India

American Orthopedic Institute (AOI) of India in Collaboration with American Society of Orthopedic Professionals, plan to introduce a curriculum for orthopedic technicians to learn industry leading techniques in the Orthopedic field. AOI Training curriculum is specialized for casting, splinting, bracing and is the same curriculum being used to certify students for casting and bracing at leading US medical centers such as Stanford, Harvard, Mayo Clinic, UCLA Health and US Armed Forces.

OUR MISSION

At American Orthopedic Institute we aim to produce leaders in the Orthopedic subspecialty of Medicine who will take the foundation of orthopedic casting to improve patient care and patient quality of life.

OUR VALUES

- Improve standard of Medical care
- Empower and enrich our students to strive for excellence
- Practice highest level of Bedside Manner, Patient Care, Patient Safety, and Professionalism

ROADMAP:

1. Obtain Certification to include ROT course/workshop for Continuing Medical Education for doctors
2. Provide adequate training to all 12th Pass out student and working professional of Nursing (ANM, GNM, B.Sc., M.Sc.), Paramedics B. Pharm, D. Pharm, medical students, Doctor (MBBS, MD, BAMS). and first responders that deal with fresh fractures.

HOW IS THE ONLINE COURSE CONDUCTED?

Our online courses are conducted into Mix mode (Online + Physical workshop), first part will be teaching classes online and Second part will be practical workshop on our Centre to learn hands on techniques to get certified. A short duration Workshop will be organised in an interval for the convenience of the Students and working professional to early complete the session.

Our Entire Process is Fully Online.

- You will visit our website (www.aoiindia.org) and study all the details related to the course.
- To register for the course, please fill up your details on the registration form. We assume the information on the form is true and correct.
- Based on the information given, eligibility confirmation and applicable fee is given. You will pay the fees and inform us.
- Once the fee receipt is confirmed. You will receive the credentials & Instructions to join the course.
